

**ARLINGTON FOREST CITIZENS ASSOCIATION  
TREE GRANT APPLICATION**

\_\_\_\_ Received \_\_\_\_ Approved \_\_\_\_ Receipt \_\_\_\_ Verified \_\_\_\_ Reimbursed

The Arlington Forest Citizens Association (AFCA) offers a matching grant to residents of Arlington Forest who wish to plant a shade tree on their property. The grant amount of up to \$125 is to cover one-half of the cost of buying and planting a tree (including delivery). There is a limit of two tree grants (of up to \$125 per grant) per property. For example, if you planted a tree costing \$300 and a second tree costing \$200, you would receive a grant of \$125 for the first tree and a grant of \$100 for the second.

Before you buy your tree, the AFCA must approve your application. Choose your tree from the list below (of deciduous shade trees native to our area, endorsed by the county’s urban forester). Funding is limited to the first five applicants in the fiscal year (September to August).

Name: \_\_\_\_\_

Address: \_\_\_\_\_

E-Mail: \_\_\_\_\_

Phone: (\_\_\_\_) \_\_\_\_\_

AFCA membership dues (\$10) paid for current year? YES/NO (dues must be up to date)

Which tree do you choose? Please check one. (Please submit one application per tree.)

“I am applying for the AFCA Tree Grant for a tree to be planted on my property by next August 30. I understand this program does not apply to trees already planted on my property. I will be responsible for giving AFCA a receipt showing the purchase place and date, type of tree, and purchase price of the tree. After the tree is planted, I will send a copy of the receipt to the Tree Grant Administrator and indicate where on my property the tree has been planted. The Tree Grant Administrator may inspect the tree on my property once it has been planted. AFCA in no way guarantees the health or growth of the tree. AFCA will send me a check based on the cost of the tree, up to \$125, as described above.”
